Tom:

I have read these email's for the past few weeks and have read inaccuracies over and over again and I have not corrected them but this on I cannot leave. I did NOT host any meeting with TCWS in September. The meeting you are discussing was called by UI/TCWS at their request to explain why they felt they needed/deserved a rate increase. I was NOT nor was the City the host of this meeting we just provided the Community Center to have the meeting. Please, I, implore you to be more accurate in your responses.

George Sheppard
